

Electrical Awareness Hidden Dangers in the Workplace

**January 7, 2010
6:00 PM to 8:30 PM**

This educational activity has been evaluated and accredited for 1.0 Professional Development Hour by the Pennsylvania Society of Professional Engineers to meet continuing education license requirements in New York

**Philadelphia Airport Hilton
4509 Island Avenue
Philadelphia, PA 19153**

This one hour course is intended for commercial and industrial building owners, employers, project engineers, and plant engineers who are directly or indirectly responsible for providing a safe workplace environment.

The course will outline the current requirement for marking electrical equipment, for the use of personnel protective equipment and for providing information when working on or near electrical equipment.

Anyone working in the vicinity of electrical cabinets that have energized live parts may be endangered and could receive an incurable 3rd degree burn. Understanding when this hidden danger exists and what can be done to lesson the hidden danger is essential to saving lives and reducing injuries in the workplace.

Price - \$35.00 – Includes Dinner from 6:00 PM to 7:30 PM

Reservations are Required
