Starting our 2025-26 Year with Much To Do

Our 2025-26 Chapter Year began August 6-8 at [NSPECon25](#) in KY. We continue locally with a **OPEN BOARD MEETING** on SEP 4th to discuss the future of our Chapter and indeed our State and National Society. This *may* qualify for One PDH in PA (but probably not to other jurisdictions.)

SEPTEMBER 4TH MEETING

Join our Board for a Zoom Meeting to discuss our Chapter and Regional Programs and future of Chapter, State and National Society

Join our Zoom Meeting at <https://temple.zoom.us/j/98414766931> at 7pm

The big push for September is Renewal of License due 9/30/25. PSPE and our Philadelphia Chapter are forefront in assisting ALL Professional Engineers meet Continuing Education requirements. Our State Conference is SEP 18-20 in Allentown, with courses and tours to top off needs. Then our Chapter's Continuing Education BootCamp provides up to the full 24 hours needed on a new THU-FRI-SAT footprint, both LIVE in-person and LIVE Simulcast formats. But if you only need a few more PDH to be up to date, consider our Chapter On-Line Library for previously recorded courses at \$5/PDH.

Once we are past the 9/30/25 deadline, we can relax and consider extending our offerings to include business building and personal fulfillment classes and activities which may not qualify for PDH credit (in PA) but are still of value to our Membership. [SEND YOUR IDEAS](#)

Come join us, at our [National](#) or [State](#) Conferences or [Chapter Events](#). Join us to continue our PLEDGE "To place service before profit, the honor and standing of my profession before personal advantage, and the public welfare above all other considerations."
