Philadelphia Chapter
Course, Presentation and Networking**

Thursday, February 4, 2021

Virtual ZOOM Course: 7:00 PM to 8:00 PM

Combined Heat and Power (CHP) Basic Design

Presented by

Gearoid Foley

Integrated CHP Systems Corp
Senior Technical Advisor
DOE's CHP Technical Assistance Partnership

The course will provide guidance on combined heat and power system design including discussion on technology options, heat recovery considerations, and system optimization. It will also introduce engineers to important combined heat and power design issues.

Networking: 8:00 PM to 9:00 PM

The Pennsylvania Society of Professional Engineers, through PIE, has evaluated and approved this "courses" as meeting the continuing education license requirements for 1.0 Professional Development Hour in New York State. PSPE believes the "courses" will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.

Prices using Paypal

Course and PSPE/PIE Certificate* - \$10.00

FOR RESERVATIONS GO TO:

<http://www.pspe-philly.org>

The ZOOM address for attending the course and the "PSPE/PIE Course Evaluation Form will be sent to the registered attendees at the e-mail address listed on Paypal statement

* PSPE/PIE Certificates will be sent to the registered attendees at the e-mail address listed on Paypal statement after the attendee completes and returns the "PSPE/PIE Course Evaluation Form" on which he or she has answered participation questions. Course Evaluation Form must be returned within seven (7) days or February 11, 2021.

Three questions will be asked and answered by the presenter at various times during the course. The course slides and the Course Evaluation Form will not show the three questions but will show the question number and space after each number in which the participant will write the presenter's answers, which will be simply in the form of: "True" or "False"; "Yes" or "No"; or "1", "2", "3" or "4".
